 We can't wait to see everyone at Northam Park this year for another Labor Day Arts Festival! This juried arts festival will feature over 120 talented fine art and fine craft artists displaying and selling their artwork, offering a unique opportunity to find original artwork for your home or wardrobe. In addition to featuring local and national artists, this event will feature a hands on art activities area, live performances, food trucks and community booths. We are excited to present a new high school student art display and interactive chalk art activity.

A few slight changes have been made to this year's Festival due to turf restoration at Northam Park. You may notice that the artist booths are now located in the parking lot between the library and Tremont Elementary while other activities will be held in the west side of the park. Food trucks will be located along Northam Road. See the map on the next page for more details!

See you at the Festival,
Jodi Osborne, Arts Manager
